Electronic Medical Record Adoption in Rural America

Event Details

Date: **August 13** Time: 1:00 - 2:00 pm CST

1 CPE credit for each session attended. [Register now](#)

Space is limited. Reserve your Webinar seat now by clicking [here](#).

Electronic medical records (EMR) and health information technology will modernize patient care in rural America. **With the authorization of the America Recovery and Reinvestment Act, critical access hospitals and other rural organizations will be required and incented to implement an EMR system before 2011.**

Health information technology enables provider organizations to achieve core strategic initiatives, including the improvement of business processes, operational efficiency and patient workflow. **In this session, the executive management team from Drumright Hospital will outline their path to EMR adoption while sharing lessons learned.** Join Drumright's management team as they detail how their information system has improved the quality of care provided while providing thousands in immediate savings.

Presenter Darrel Morris' more than ten years of healthcare experience encompasses nearly all areas of healthcare facilities. Mr. Morris started at Drumright Regional Hospital as the Business Director in January 2005 just 3 months prior to the hospital opening. He helped develop policies and procedures, established insurance contracts and participated in initial facility surveys. Mr. Morris became CEO in June 2006. Mr. Morris was previously employed at a health system consisting of a 3-hospital and 30 + clinic network.

After registering you will receive a confirmation e-mail containing information about joining the webinar.

Proposed Outpatient Regulatory Rule Webcast Hosted by RSM McGladrey

Event Details

Date: **August 11 and August 12** Time: 12:00 - 1:30 pm CST

1 CPE credit for each session attended. [Register now](#)

During this two-part webcast series, hear how you and your organization can anticipate and plan for changes to the Hospital Outpatient Payment System and CY2010 payment rates; proposed changes to the hospital outpatient quality data report program and new procedures to make that data publicly available; and much more.

Questions? Contact Juli Gotto at juli.gotto@rsmi.com or 563.585.3154.

RSM McGladrey is pleased to offer 1 CPE credit for each session attended. Please note you must be logged in to the webcast for a minimum of 50 minutes and answer 75 percent of the polling questions to receive credit.
